One sunny day i was driving my friends to the mall when BOOM there was crash with another car. When i woke up i saw bruises on my body, blood marks, blood spilling everywhere. I tried to move, but then i fell back to sleep. When i looked down i could see myself in surgery. A few seconds later someone touched my shoulder. I turne back to see a man with brown hair and flowers on top of it. He said, "Emma do you want to go back and have the second chance of living a better life? If so i will grant you that wish, but you must promise me you will be more careful with what you do."
I said, "wait i do want to live a better life. Please give me another chance, But first i need to ask you. Who are you?" The man started looking all black until all i could see was a speck of light. A few seconds later i found myself in the recovery with my parents waiting to see if i would wake up. I said, " hi mom and dad." Oh sweetheart we were worrying sick bout you. are you okay?" Emma's mom said. Emma said, "yes i am."
